Yield Estimation:

1. Develop the Machine Learning Model for Experimental Weight Column using Buldhana_CCE_Point Dataset
2. Finalize the Best Model and Predict the Experimental weight for Buldhana GP Level Data
3. Make sure that Columns in Buldhana_CCE & Buldhana GP data are similar.

Project Duration: 4-5Weeks

Submit: exams@bepec.in

What to Submit?

1. Regression Model Performance Matrix with Top 10 Parameters with Power Point Presentation.
